

Suits \$40 Values for \$29.50

Three styles, exactly as illustrated, and many others, at \$29.50 for choice. The most momentous news, like yesterday's baseball news, comes in two words: "Boston Won," and "Palais Royal Wins"—with the best suits ever offered in Washington at \$29.50 for tomorrow only.

Your Opinion Is Asked

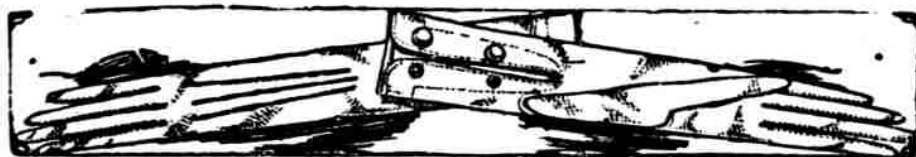

Should not a store be first judged—from the woman's viewpoint—by its department for Suits, Dresses and Coats? The Palais Royal view is that it should—and, therefore, this fourth birthday will emphasize the fact that these departments show a marvelous development since last year. The "system" has been vastly improved: 1. With the engagement of one of Washington's leading men tailors to superintend any required alterations, which means the certainty of a perfect-fitting Suit, Dress or Coat. 2. Enormously greater stocks, assuring sizes for every phase of miss and adult.

New Sizes, 36½ to 48½

In addition to regular sizes 36 to 44, for average figures, and sizes 35 to 59 for stout figures, come these new "in-between" sizes of 36½ to 48½. Every possible phase of form is allowed for among the variations of sizes now in stock here.

With styles representative of all the best imported models, from plain tailored to most elaborately trimmed, and with prices to suit every purse, the Palais Royal's greater and better departments for Misses and Women's Clothing are an added October feature that will be welcomed in Washington.

GLOVES—The season opens here with very best make represented at various prices from \$1.25 to \$4.50. The Birthday Menu is told of below—it means a considerable saving tomorrow in dollars and cents to Palais Royal patrons.

"Dagmar" \$1.15 Palais Royal

\$1.50 Quality.

\$1.50 Quality.

"Dagmar"—The maker of this famous English Glove will not allow his name advertised in conjunction with this special sale price—\$1.15. However, his name and the word "Dagmar" are stamped inside each glove—an assurance of the world's best \$1.50 English Walking Gloves for women. Guaranteed first quality—all sizes in white, black and tan.

"Palais Royal"—known by a great army of women patrons—who will best appreciate tomorrow's special sale price for the new season's new French Kid Gloves, black and white, with rows of embroidery and Paris point embroidery. All sizes. Both these "Palais Royal" and "Dagmar" Gloves will be fitted at our risk—with the same deliberation and skill as at the regular price.

Street Floor—G Street Aisle.

Cape Tan \$1.00 Dress Kid

\$1.25 Quality.

\$1.25 Quality.

The test of a glove is the fit—these Gloves will be fitted at our risk on request. Choice of Cape Tan and Pique and the lighter dress Kid Gloves in white, black, sand, putty, grays and tans. All newly received—probably the season's best opportunity comes at its opening. With the world's glove markets in confusion because of the war no assurance of the future can be had.

\$2.25 Gloves \$1.79 12-Button Length. \$3.00 Gloves \$2.50 16-Button Length.

12-Button White Glace Kid Gloves at \$1.79, instead of \$2.25 pair, and 16-button, white and black, at \$2.50, instead of \$3.00 pair, are special sale prices that will be better appreciated as the season advances. Such gloves will be scarce later, even at full prices.

Salt's Are World-Famous \$25. Up

The Fur Coat is the desire of every woman—partly because the price is so extremely high. A really good fur coat soars to hundreds of dollars, and is worth it, because reliable furs are ever becoming scarcer.

SALT SOLVES THE PROBLEM

A name famous in England—world-famous—as the one maker of fabric furs that permanently retain all the appearance of rich furs. This October finds the Palais Royal headquarters in Washington, because Salt's fabric furs have been made up with all the nicety of detail linked with the making of the most expensive of fur garments.

The models pictured above are reproductions of latest \$500.00 to \$800.00 Fur Coats, identical in appearance, and guaranteed in every respect as to durability, while the prices are only \$25.00 to \$55.00.

LINK "SALT" WITH PALAIS ROYAL

The prospective purchaser of a fur coat need no longer be puzzled or worried with the fur coat, with skins patched or the imitation that proves an equal failure. Salt and the Palais Royal solves the problem.
